T700
Portable Tramp Oil Removal Unit

• Clean, tramp oil-free coolant
• Increased coolant life – reduced coolant costs
• Reduced disposal costs
• Reduced machine downtime – clean coolant whilst the machine is in operation
• Improved operator conditions - reduced oil mist, reduced bacterial growth, coolant odour reduced
• Progressive cavity pumpset - 110V & 230V (50/60Hz) options available
Results
• Removes trampoil contamination
• Extends coolant life
• Reduces coolant costs – reduced consumption and reduced disposal volumes
• Increased machine tool efficiency / productivity
• Reduces bacterial growth
• Improved operator conditions - improved health and safety
• Minimal running costs
• One unit can service an entire workshop

Features
• Stainless steel construction
• Portable
• Reusable bag filter
• Minimal servicing required - no consumable parts
• Unattended operation
• Easy to use – minimal setup and no “levelling” required
• Universal application – works on any coolant sump
